Berwick Wildlife Group Wildlife Sightings

2007

Date	Location	Grid Ref	Number	Species	Description	Observer
17th December	New Road, Berwick	NT 999 533	6	Little Grebe	Just upstream of the railway viaduct. Very cold but windless. Tide out. Before this I never saw more than two here at any one time.	D.J.
16th December	New Road, Berwick	NT 990 535	1	Kingfisher	Perched on dead log on S. bank of river below Tommy the Miller's Field. Very cold but windless. Tide out.	D.J.
13th November	Tweedmouth Garden	NT 989 515	1	Red Admiral	The last of the year....unless you know better?	E.B.
12th November	Few miles N of Berwick	NT 95	2+	Barn owls	Barn Owl family with unfledged young in hollow tree. Attempts to ring (by licenced ringer) failed as owlets hid in deep hole when tree approached. But family still in residence afterwards. Very late breeding record for this area, although winter nesting common in S England.	J.I.
6th November	Berwick	NT 99 52	1	Red Admiral	Lying on the ground. I thought it was dead, although its wings were in very good condition. When I picked it up it flapped its wings feebly so I put it on a sedum plant, but I don't give much for its chances. Sunny, pleasant day. 12:45 pm	M.H.
3rd November	Eyemouth	NT 94 64	5	Twite	With Goldfinches.	B.P.
2nd November	Eyemouth	NT 94 64	1	Painted Lady Butterfly	In Eyemouth garden.	B.P.
1st November	Eyemouth	NT 94 64	3	House Martins	Over Eyemouth. Also one on 2nd November.	B.P.
20th October	Berwick Garden	NT 991 536	1	Hawfinch	Collecting hawthorn seeds regurgitated by thrushes and blackbirds around drinking water. Threatening the larger birds too - quite an aggressive creature with a formidable bill.	F.A.
14th October	Little Beach	NU 007 526	4	Grey Plovers	10.30, fine, low tide.	J.I.
9th October	Cot Hill	NT 762 500	12	Redwings	Also 2 songthrushes, 4 dunnocks, 3 goldfinches, 6 yellowhammers, a brown hare and a red admiral in the mist and drizzle! (Redwings have been in Berwick since 6th Oct.)	G.Y.
7th October	Cot Hill	NT 762 500	c60	Chaffinches	With c. 20 longtailed tits and 8 yellowhammers.	G.Y.
5th October	Lifeboat Station	NU 001 520	1	Otter	1 otter and 13 razorbills, fine, 18.45, low tide.	J.I.
26th September	Cheswick	NU 035 474	1	Snipe	1 Snipe at pond, 3 Great Skuas, 1 Arctic Skua, 6 Common Scoters and 100's of Gannets offshore. Cold and windy with showers, 09.30, low tide.	J.I.
25th September	Little Beach	NU 007 526	5	Bar-tailed Godwits	Plus 1 Ruff plus 14 Dunlins. Fine, 17.45. rising tide.	J.I.
22nd September	Yarrow Slake	NT 986 531	76	Greylag Geese	Plus 2 Canadas and two of dubious parentage. Also 1 Bar-tailed Godwit. Fine, mid-morning, full tide.	J.I.
16th September	Cot Hill	NT 762 500	50	Greenfinches	Including many juveniles, a few chaffinches and yellowhammers eating the hawthorn berries in our garden before flying into the stubble next to the garden. They were disturbed by a sparrowhawk hiding in the stubble.	G.Y.
7th September	Cocklawburn	NU 03 48	30	Common Scoter	Swimming offshore and flew just above the water when disturbed by a jet ski. Also eider ducks, ringed plovers, sanderlings and oystercatchers.	G.Y.
4th September	Yarrow Slake	NT 985 530	1	Greenshank	Fine, 10:50, tide receding.	J.I.
18th August	Yarrow Slake	NT 985 530	1	Little Grebe	Light rain, 09.30, tide falling.	J.I.
18th August	Yarrow Slake	NT 985 530	1	Greenshank	Light rain, 09.30, tide falling.	J.I.
14th August	Little Beach	NU 007 526	1	Knot	With dunlins sanderlings and turnstones. Weather fair, low tide, 11.30.	J.I.

11th August	Ford Moss	NT 967 377	Many	Mining Bees	Many newly-emerged bees around holes in south-facing bank. <i>Colletes</i> sp. - can anyone help identify them further?	F.A.
1st August	Little Beach	NU 007 526	1	Great Skua	Chasing terns before heading south. Fine, good visibility, filling tide.	J.I.
18th June	Lamberton	NT 96 59	2	Small Blue	Plenty of Kidney Vetch around. They are so small they could easily be overlooked, both sightings male, as the male has flecks of blue while female is dull. Honestly, they are about the size of your pinkie nail....amazing!	I.C.
17th June	Chirnside	NT 85 97	1	Large Skipper	Nectaring on Dandelion and sunbathing, very lucky to see this as when they decide to fly ,they are very fast..	I.C.
16th June	Yarrow Slake	NT 985 530	1	Little Egret	09.30 overcast, misty, low tide.	J.I.
11th June	Chirnside	NT 85 97	1	Small Skipper	Weather hot and sunny.	I.C.
11th June	Chirnside	NT 85 97	16-20	Painted Lady Butterflies.	Weather hot and sunny.	I.C.
9th June	Needles Eye	NT 992 555	6+	Painted Lady Butterfly	Migrants (tatty), brought ashore by easterly winds, flying despite cool dull conditions.	M.H.
9th June	Golf Course	NT 998 541	1	Grasshopper Warbler	Male. Singing from top of willow bush.	F.A.
22nd May	Tweedmouth Garden	NT 989 515	1	Common Blue	Male. On Borage in back garden, warm and dry but breezy.	E.B.
20th May	Tweedmouth Garden	NT 989 515	2	Pipistrelles	Front Garden, 9.57 pm, gentle wind.	E.B.
16th May	Harthope Valley		1	Cuckoo.	Calling and seen, on valley side. Light drizzle.	E.B.
16th May	Harthope Valley		1	Hen Harrier.	Male. Light drizzle.	E.B.
10th May	River Whiteadder	NT 848 565	1	Osprey	Probably a youngster, mobbed by Lesser Black-backed Gull. Stopping to hover over pools on the river Whiteadder at bend near Salmon leap. Ospreys are increasingly stopping off in the Borders,maybe the Tweed would be a good place to see them.	I.C.
7th May	Longstone View	NU 002 526	6	Curlew	Feeding at water's edge about 4.00pm.	J.N.
22nd April	Little Beach	NU 006 528	1	Kentish Plover	09:30. Weather fine, tide receding. We think this is first known sighting for this site.	J.I./M.H.
16th April	Yarrow Slake	NT 985 530	2	Teal	18:30. Weather fine, tide receding.	J.I.
16th April	Yarrow Slake	NT 985 530	6	Shelduck	18:30. Weather fine, tide receding.	J.I.
13th April	Near Chirnside	NT 853 553	1	Orange Tip	This sighting is 2 weeks earlier than last year.	I.C.
10th April	Near Chirnside	NT 853 553	6+	Comma Butterflies	Hyndhaugh Brae next to river Whitadder. I have identified 3 territories, Commas battling Peacock butterflies for air space.	I.C.
2nd April	Needle's Eye	NT 993 555	2	Puffins	In sea below cliffs along with several guillemots and razorbills. Kittiwakes already installed on the cliffs. One hour before high tide. Cold but bright weather.	D.J.
1st April	Tweedmouth Garden	NT 988 515	1	Peacock butterfly	On doorstep in sun. Mild, calm, sunny day.	E.B.
30th March	Tommy-the-Miller's Field	NT 993 535	2	Kestrels	Pair of kestrels; one hunkered on branch, other hovering above. Around 2pm. Chill with some haar.	P.J.
26th March	The Hirsell,Coldstream	NT 82 40	2	Long-tailed tits	Superbly camouflaged domed nest, low down in shrubs. Sunny, pm.	M.H.
23rd March	Little Beach	NU 006 528	1	Snow Bunting	Fine. 13:45.	J.I.
23rd March	Pier	NU 010 524	7	Shags	Fine. 13:45.	J.I.
23rd March	Pier	NU 010 524	10	Red-throated Divers	Fine. 13:45.	J.I.
22nd March	Spittal Point	NU 005 520	6	Snowbuntings	Fine. 17:45. Tide filling.	J.I.
21st March	Spittal Beach	NU 00 51	1	Pipe fish	Not scaley species. Specimen near death, floating at edge of sea. Rising tide. 14.00.	PJ & MH.
5th March	Wooler		3	Bullfinches	2 male bullfinches in Ramsays Lane on the 4th March and one female in a garden on the 5th, both in the morning.	S.M.
3rd March	Waud House, Wooler	NT 984 277	50+	Frogs	Some mating, some males chasing females and some making a purring noise. Lots of frog spawn on the water. It was in the afternoon and sunny.	S.M.
3rd March	Tweedmouth Garden	NT 989 515	2	Goldfinches	A pair in my garden. Been around for two weeks now.	E.B.

3rd March	Tweedmouth Garden	NT 989 515	1	Red-tailed Bee	Surveying holes in our high front sandstone wall.	E.B.
2nd March	Berwick Garden	NT 991 536	1	Tree-creeper	Characteristic food-searching sweeps upwards from base of apple tree.	M.A.
2nd March	Berwick Garden	NT 991 536	1	Peacock Butterfly	Fluttering in sunshine and "shivering" in patch of sun. Weather sunny and still but air temperature cool (9 C).	M.A.
27th February	Scremerston Garden		1	Peregrine	It swooped in, landed on the ground and then perched on a low wall under the dreaded Leylandii for about 5 minutes. So much for putting up this years nestboxes!	M.W.
19th February	Tweedmouth Garden	NT 989 515	1	Siskin		E.B.
19th February	Tweedmouth Garden	NT 989 515	1	Blackcap	Male. Been there for two weeks now.	E.B.
7th February	Near Paxton	NT 928 511	1	Red Squirrel	Feeding from squirrel feeder in garden.	W.S.
6th February	Berwick Pier	NU 011 524	1	Snow Bunting	13.30. Fine but cold. Has been on the pier for a few days.	J.I.
5th February	Tweedmouth Garden	NT 989 515	3	Goldfinches	Only able to feed on unguarded feeder - haven't (yet) learnt trick of getting into feeder caged to keep larger birds out.	E.B.
5th February	Tweedmouth Garden	NT 989 515	1	Blackcap	Male. Seems to have taken up residence.	E.B.
1st February	Tommy-the-Millers Field	NT 993 535	1	Buzzard	Trying to soar and being harried by gulls. When gulls had chased it across the river to South bank, they let it go and returned to their patrol above the castle ruins. Buzzard flew SSE.	P.J.
29th January	Tweedmouth Garden	NT 989 515	1	Great Spotted Woodpecker	Male, on fat balls, apple tree and pergola.	E.B.
25th January	Tweedmouth Garden	NT 989 515	1	Blackcap	Male.	E.B.
23rd January	Tweed Estuary	NT 995 527	1	Little Egret	Low tide, weather cold, but bright and sunny. The bird was active, wading around and flying from pool to pool.	E.H.
20th January	Tweedmouth garden	NT 989 515	2	Blackcaps	One male, one female. Feeding on windfall apples.	E.B.
7th January	St Abbs Head	NT 908 691	1	Peregrine Falcon	Flying between Mire Loch and Pettico Wick. Clear, bright and still.	S&J.R.

Observers :Philomena & Dave Johnston, John & Sally Rae, John Inglis, Fiona & Maurice Aungier, Malcolm Hutcheson, Sue & Bob Maddox, Greta Toward, Alec Iredale, Andrew Crystal, Liz and Tony Houghton, Jim Bryden, Robert Hardie, Molly Hardie, Erin McLaughlin, Mike Greener, Muriel Fraser, Bill & Val Smith, Iain Cowe, Judy Nicholson, Gill Young, Barry Prater, David Renwick, Maureen King, Jenny Prince, Maurice McNeely, Valerie Glass, Elizabeth Martin Fisher, Glenys Nolan.

2nd January	Tweed Estuary	NU 001 524	1	Mediterranean Gull.	Among other gulls in Estuary roost at 3 p.m.	M.H.
1st January	Berwick Garden	NT 991 537	12+	Long-tailed Tits.	Have been around for a few weeks, in slowly increasing numbers, visiting fat-feeder briefly several times a day.	F.A.
13th December	Berwick Garden	NT 991 537	1	Nuthatch.	At last we have seen the nuthatch of Castle Terrace! It was unable to figure out fat feeder (see below) so may not return.	F.A.
13th December	Berwick Garden	NT 991 537	1	Goldcrest.	Accompanying tits into fat feeder (despite complicated double cage to deter jackdaws).	F.A.
12th December	East Ord	NT 98 51	1	Redwing.	Ground feeding then spending 4 - 5 minutes in small tree in garden. 08.00, fine, cold.	E.T.
8th December	New Road	NT 993 534	1	Celandine.	A celandine plant in bloom. One flower open. Isn't this outrageous? Whatever happened to seasons?	P.J.
1st December	East Ord	NT 98 51	1	Blackcap.	On bird feeder in garden for 5-6 minutes. 8.30 a.m. Cloudy. Cold.	E.T.
4th November	Cot Hill	NT 76 49	1	Peacock Butterfly.	Disturbed in garage.	G.Y.
2nd November	Berwick garden	NT 991 537	1	Woodcock	Sheltering under hedge in garden. Disturbed and flew off, frantically, towards Estuary.	F.A.
2nd November	Berwick garden	NT 991 537	1	Red Admiral Butterfly.	Sunning on wall. Another on 4th November, fluttering round late flowers in sheltered spot.	F.A.
26th October	Berwick garden	NT 98 53	1	Mistle Thrush.	Eating yew berries with migrant blackbirds. Redwing in bird bath on 24th Oct.	F.A.
25th October	Berwick garden	NT 98 53	5+	Long-tailed tits.	Feeding on insects (including fat green caterpillar) in apple tree, in small flock with some Great Tits.	F.A.

20th October	Cot Hill	NT 76 49	50-100	Lapwings.	Most days over the last week flying overhead, often with smaller flocks of starlings. We also see a barn owl on one of our garden fence posts.	G.Y.
13th October	Blaikie Heugh.	NT 953 627		1 Large White butterfly.		B.P.
5th October	Eyemouth.	NT 94 64		1 Small White Butterfly		B.P.
2nd October	Eyemouth.	NT 94 64	Many	Pink-footed Geese	Skeins flying over town. Also on 22nd October.	B.P.
30th September	Spittal	NU 005 519		1 Female Wheatear.	At the beach near the chimney at Spittal.	G.N.
18th September	Cocklawburn Dunes	NU 033 481		1 Painted Lady Butterfly.	Also Red Admiral. Despite relatively cool, cloudy and windy weather.	F.A.
15th September	Castle Terrace Garden	NT 98 53		1 Nuthatch.		L.C.
12th September	Cocklawburn Dunes	NU 033 480	100+	Goldfinches.	Large flock feeding on seed-heads.	M.H. & E.M.F.
12th September	Cheswick Dunes	NU 035 477		5 Twite.	Also a short-eared owl. Fine but breezy, 09.15.	J.I.
5th September	Yarrow Slake	NT 984 530		1 Golden Plover.	Feeding with lapwing flock of approx. 1000. Hoped it was an American but no luck. 09.45, low tide, fine.	J.I.
3rd September	Yarrow Slake	NT 984 530		6 Black-tailed Godwits.	Obviously passing through, they were gone by 10.30. 09.30, fine, low tide.	J.I.
2nd September	Yarrow Slake	NT 982 528		6 Snipe	Feeding on mudflat. 09.30. Fine.	J.I.
29th August	Cocklawburn.	NU 033 482		4 Small Copper	On section 1 of transect on Ragwort. Also 4 Walls, and Small Heath off transect.	M.H. & E.F.M.
29th August	Partanhall, Burnmouth.	NT 958 612		1 Roe Deer	Feeding low down on the hillside.	B.P.
29th August	Tweedmouth Garden	NT 992 528	30+	Peacock butterflies	On two Budleias in our back garden, it has been like Dobie's Butterfly Farm all day!!	J.I.
27th August	Yarrow Haugh	NT 985 531		1 Painted Lady	Warm and sunny.	J.I.
27th August	Tweedmouth Garden	NT 992 528		2 Humming-bird Hawkmoths	Plus 14 Peacocks, 1 Red Admiral, 2 Small Tortoiseshell, noon, warm and sunny.	J.I.
20th-27th August	Tweedmouth Garden	NT 995 523		2 Butterflies	At last some butterflies! Several large whites, a lovely Comma, and today 3 Red Admirals, 2 Peacocks all together on a buddleia along with Large Whites - what a sight.	M.McN.
26th August	Old Bridge	NT 996 527		1 Female Goosander	Also at least 60 redshank roosting underneath the Royal Tweed Bridge.	M.McN.
24th August	Cocklawburn	NU 035 476		2 Grayling	Also lots of Peacocks and one Meadow Brown. Afternoon. Warm and sunny.	J.I.
23rd August	Coldingham Bay.	NT 91 66		1 Comma	Also 1 29th August in Eyemouth.	B.P.
23rd August	Castle Terrace	NT 991 536		1 Wall Butterfly	Sunning (briefly) on terrace in first sunbeam for many days. Lots of Peacocks too, and many Small Whites particularly interested in cabbages. Also Small Copper on transect Tommy-the-Miller's, 19.08.08.(L.C.).	F.A.
19th August	Blaikie Heugh.	NT 953 627		1 Northern Brown Argus	Late individual still on the wing.	B.P.
17th August	Cocklawburn	NU 036 476		1 Snipe.	Resting in dune grass - flew off inland towards pond. Also Common Lizard basking on stile near pond, NU 036 475.	F.A.
17th August	Cocklawburn	NU 032 481		1 Flat Sedge.	<i>Blasmus compressus</i> . Found after being alerted to its presence in area by Botanical Society of British Isles recorder. Good to see it is still there, especially as this species is rare in the vice-county (and nationally) and is declining rapidly. Drainage and lack of grazing considered major reason for decline, so hope new grazing regime at Cocklawburn will help it to survive.	F.A.
16th August	Tweedmouth Garden	NT 992 528		1 Comma.	Also 6 peacocks, 2 small tortoiseshells, 2 large whites. Noon, warm, sunny.	J.I.
14th August	Eyemouth.	NT 945 641		1 Dipper	Feeding at mouth of Eye Water after the heavy rains of the previous day. Also 2 Grey Wagtails.	B.P.
13th August	Low Newton.	NU 24 24		1 Wall butterfly	Also seen along coast from Coldingham to Blaikie Heugh during the month. Grayling also present on coastal strip Eyemouth to Burnmouth throughout the month.	B.P.
13th August	Low Newton.	NU 24 24 93 65		1 Kingfisher	Nice close view from hide.	B.P.
10th August	Near Reston.	NT 8 6		1 Swift	My last sighting of the year.	B.P.

8th August	Bays N of Eyemouth.	NT 93 65	1 or 2	Whimbrel	Also 1 at Blaikie Heugh on 5th.	B.P.
5th August	Blaikie Heugh	NT 953 627		2 Peregrine.	2 noisy birds overhead. Also one on 19th.	B.P.
5th August	Cove Haven, Holy Island	NU 125 438		Marine species	1 Sea Lemon, 2 Purple Urchins.	J.P.
4th August	Berwick	NT 991 536		1 Green Woodpecker	Juvenile, taking ants from hill in lawn. Also heard from Castle Hills Woods following week (M.H.).	M.A.
3rd August	Cove Haven, Holy Island	NU 125 438		Marine species	Worm Pipefish ?, Common Brittle Stars, Common Starfish, 3 Purple Urchin, 2 Purple Henry Starfish, 1 Butter Fish, carcass of Lumpfish, 3 Squat Lobsters (<i>Galathea Squamifera</i>), 1 Moon Jellyfish, Long Clawed Porcelain Crabs.	J.P.
2nd August	Cove Haven, Holy Island	NU 127 438		Marine species	3 Sea Hares, 1 Bootlace Worm, 2 Purple Henry Starfish, 1 Common Starfish, Breadcrumb Sponge, Broad Clawed Porcelain Crabs, Hermit Crabs, 2 dead Velvet Swimming Crabs, 2 Brittle Starfish.	J.P.
29th July	Scremerston	NU 009 486		1 Burying beetle.	Almost certainly <i>Nicrophorus investigator</i> . Floating in rainwater in old bath. Rescued.	M.H.
30th July	Linkim Shore	NT 922 657		1 Little Gull.	Also 8 Goosander.	B.P.
30th July	N of Eyemouth			1 Painted Lady.		B.P.
27th July	Kirknewton	NT 908 304		1 Goshawk	Also 3 buzzards, 1 dipper, 1 small skipper, red admiral. Fine, sunny, 13.00.	J.I.
26th July	Holy Island			27 Dark Green Fritillary.		B.P.
16th July	Pin Well, Wooler	NT 9 2		Maiden Pink	Patch in full flower.	S.M.
16th July	Tommy the Millers Field	NT 989 536		1 Small Skipper	Sunning itself on a Birds-foot Trefoil head, in sheltered place. Weather breezy, fitful sun.	F.A.
14th July	Burnmouth	NT 956 611	1+	Northern Brown Argus	Colonies also at Blaikie Heugh and Homeli Knoll (Coldingham) 14/15 July 2008. Grayling - present at Burnmouth, Blaikie Heugh and Homeli Knoll (Coldingham) 14/15 July 2008	B.P.
14th July	Lintlaw Burn, Chirnside	NT 834 585		1 Painted Lady Butterfly	First of the season.	I.C.
13th July	Cocklawburn Dunes	NU 03 47	100+	Narrow-bordered 5-spot Burnet	Also 2 or 3 Six-spot Burnet.	B.P.
13th July	Cocklawburn Dunes	NU 03 47		1 Narrow-bordered 5-spot Burnet		M.H.
8th July	Palace Street	NT 998 526		1 Queen Cuckoo Bee	Actually in our living room: (removed to yard in a duster): weather sunny: c12.00.	M.H.
7th July	Pipers Knowe Quarry	NT 35 33		20 Narrow-bordered 5-spot Burnets	...I have never seen so many 20+!!	I.C.
4th July	Causewaybank Quarry	NT 882 592		2 Small Skipper	Males, dancing in the swaying grasses, and sunbathing. Lots of Ringlet now ,100+ today alone. Meadow Brown 50+. Also some Common Darter Dragonflies on the wing.	I.C.
4th July	Tweedmouth Shopping Centre	NT 995 517		2 Siskins	2, possibly 3, Siskins in the trees at the edge of the pavement: weather fine: 07.45.	M.H.
2nd July	Burnmouth	NT 95 61	16+	Northern Brown Argus	Also 1 Grayling nectaring on Red Valerian. In addition saw 6 Magpie, 1Peregrine, 1Kestrel, 6 Roe Deer, and a Great Spotted Woodpecker, all that only a stones throw from the Burnmouth Brae.	I.C.
1st July	Cothill	NT 76 49		1 Ringlet	On the grass verge beside the lane at Cothill, staying for several days.	G.Y.
16th June	Burnmouth	NT 95 61		1 Northern Brown Argus	First seen on 16 June at Burnmouth and then in good numbers there on 18 and 23 June.	B.P.
15th June	Hepburn Woods	NT 073 248		1 Red Squirrel	Hopping along road outside car park for Hepburn Woods. Sunny, calm, 3.00pm.	V.G.
12th June	Eyemouth	NT 94 64	20+	Manx Shearwaters	Moving North.	B.P.
4th June	Eyemouth	NT 94 64		40 Canada Goose	Flocks of presumably moult migrants seen flying N past Eyemouth on 4 June (~40), 17 June (~25) and 18 June (27).	B.P.
4th June	Lumsdaine Moor	NT 86 68		1 Hobby	1 at Lumsdaine Moor on the edge of the plantation flying at tree height.	B.P.
4th June	Hilton Bay	NT 968 593		1 Clouded Yellow Butterfly	Flying strongly.	I.C.
4th June	Catcairn Bushes	NT 965 598		6 Small Blue Butterflies	Also, at the same site, 1 Wall Brown.	I.C.
7th May	Tweedmouth	NT 99 52		2 Swifts	Sunny, dry, 5.00pm	M.MCN.
6th May	Scremerston	NU 00 49		4 House Martins	Dry, sunny, 1.00pm.	M.MCN.

3rd May	Church Road, Tweedmouth	NT 995 522		1 Merlin	Single male merlin attacked garden birds, perched before flying off so could see char. dark band bottom of tail. Zoomed off over nearby roof in typical falcon style. (Mid-day).	M.MCN.
30th	Cot Hill	NT 762 500		1 Redstart	Male, perching on garden fence, flying down to the ground to catch insects.	G.Y.
29th April	Lintlaw	NT 8 5		1 Yellow Wagtail	Bright as a budgie in a wheat field.	I.C.
29th April	Whiteadder Bank	NT 862 556		1 Orange Tip	My first for the year, dodging the hail showers.	I.C.
28th April	Church Road, Tweedmouth	NT 995 522		4 Goldfinches	4 goldfinches (at newly erected niger feeder).	M.MCN.
28th April	Church Road, Tweedmouth	NT 995 522		1 Red-tailed Bumblebee	One fine queen red-tailed bumblebee (<i>Bombus lapidarius</i>), actively feeding. Mild, after rain, mid-morning.	M.MCN.
25th	Cot Hill	NT 762 500		1 Fieldfares	The local flocks of fieldfares finally left today.	G.Y.
23rd April	Church Road, Tweedmouth	NT 995 522		1 Sparrowhawk	Plus starling kill. Noon.	M.MCN.
22nd April	Cot Hill	NT 762 500	?	Swallows	First of the year here. Followed by male Wheatear on newly sown field on 25th, and blackcaps on 26th.	G.Y.
22nd April	Tweedhill Garden	NT 928 511		2 Swallows	Circling close to last year's nest site. 22 April, 2.30 pm. Exactly on time! Sunny, 11 degrees C.	B.&V.S.
17th April	Cot Hill	NT 762 500		1 Peacock Butterfly	First for the area, followed by first Small White on 22nd.	G.Y.
15th April	Berwick garden	NT 992 536	3+	Bumblebees	Queens of 1 red-tailed (<i>Bombus lapidarius</i>), 1 Early (<i>B. pratorum</i>) and several buff-tailed (<i>B. terrestris</i>) in garden, nectaring on grape hyacinth. Brief sunny break in rainy spell.	F.A.
13th April	Cocklawburn	NU 02 48		2 Swallows	Heading north along the dune edge - 1/2 hour apart. Sunny, northerly breeze.	M.MCN.
12th April	Cot Hill	NT 762 500		1 Willow Warbler	First of the year.	G.Y.
10th April	Pier Field, Berwick	NU 005 528		1 Swallow	Cold, bright, temporarily dry, 12 noon, low tide.	M.H.
3rd April	Chirnside	NT 864 557		1 Early Bumblebee.	Queen. Nectaring on <i>Chinodoxa</i> and searching woodland floor for holes. Sunny windless day.	F.A.
3rd April	Tapee Fen	NT 994 537		1 Pipistrelle Bat	Saw the first pipistrelle of the season flit down over the window and go flickering around the yard behind the house. Mild weather past 48 hours must have prompted it from winter sleep.	P.J.
2nd April	Cocklawburn Dunes	NT 86 55		2 Wheatears	Amongst the usual Stonechats and Skylarks.	M.MCN.
2nd April	Crowbank, Whiteadder	NT 862 556		1 Comma	Comma, taking moisture from stems and sunbathing. Also 6 Peacocks in same area and 5 Tortoiseshells at North Lodge, Chirnside (NT 865 561). J&S. R. reported 3 Peacocks by the Till at Etal the same day.	I.C.
31st March	Cocklawburn Pond	NU 035 475		1 Short-eared Owl	About 7.00pm, flying over the little pond at Cocklawburn going towards the railway, presumably to hunt the verges and later we saw it again hunting on the dunes by the road down from Cheswick farm.	J&S.R.
29th March	Cot Hill	NT 762 500		1 Chiffchaff	I heard the first chiff chaff yesterday (29th) and a flock of 100+ fieldfares with a few redwings and starlings feeding on a field where sheep were grazing.	G.Y.
29th March	Walkergate, Berwick	NT 999 531		1 Peacock Butterfly	C. 12.15 pm. Weather pretty windy.	M.H.
15th March	Cot Hill	NT 762 500		1 Jay	On birdfeeder nuts on several occasions. See also "Bird Bonanza" in Ramblings below.	G.Y.
10th March	Riverdene garden	NT 991 529		1 Brambling	With chaffinches and goldfinches. 16.00. Raining.	J.I.
8th March	Tapee Fen	NT 995 536		1 Merlin	Plus 100 or so Pied Wagtails. After 5 minutes approx. of dedicated pursuit, the merlin made a kill at 17:58 as wagtails were flocking to roost. Remaining wagtails descended among the reeds, safe at least for another day. Except...see Ramblings, below.	P.J.
1st March	Hepburn Wood.	NU 07 23		2 Red Kites	The kites rose up out of the wood in front of us and soared around for a while.	S.& R. M.

1st March	Hepburn Wood.	NU 07 23		2	Stoat	Both in ermine. One all white with black tip to tail, one with some brown.	S.& R. M.
1st March	Hepburn Wood.	NU 07 23		1	Red squirrel	High up in a larch tree. There were lots of chewed remains of cones nearby.	S.& R. M.
12th February	Ross Back Sands.	NU 14 38		1	Harbour Porpoise		J.P.
11th February	Black Halls	NT 789 105		1	Peacock Butterfly	We were sitting just below Black Halls at a height of 480m and the peacock flew right past us up the hill and disappeared into England. Around midday. Very warm and sunny.	J.R.
11th February	Killingworth.	NZ 27 71		1	Small Tortioseshell	Our first 2008 record (not quite in our County).	M.K.
11th February	Kentstone Cottages	NU 037 412		1	Honeybee	On snowdrops in garden, collecting pollen.	J.R.
10th February	Roughside Wood	NT 73 61		1	Peacock Butterfly	Roughside Wood, Abbey St Bathans.	B.P.
5th February	Cot Hill	NT 762 500		2	Nuthatches	One on the seed feeder and one on the peanuts today!	G.Y.
4th February	Cot Hill	NT 762 500		1	Nuthatch	Repeatedly taking seed (in morning) and peanuts (in afternoon) from feeders, and stashing in bark of ash and hawthorn trees.	G.Y.
3rd February	Cot Hill	NT 762 500	c.100		Fieldfares	Feeding on stubble field. Stayed most of day.	G.Y.
9th January	Flagstaff Park	NU 003 527		2	Twite	Feeding on dead Nettles. 11.00am. Very windy and cold.	J.I.
7th January	Town Walls	NT 998 526		3	Snow Bunting	Flew up and away (in a south westerly direction) from a large buddleia bush just below the town/harbour wall opposite Sandgate. Weather cold with northerly wind. Time approximately 16:00 hours.	D.R.

Observers :Philomena & Dave Johnston, John & Sally Rae, John Inglis, Fiona & Maurice Aungier, Malcolm Hutcheson, Sue & Bob Maddox, Greta Toward, Alec Iredale, Andrew Crystal, Liz and Tony Houghton, Jim Bryden, Robert Hardie, Molly Hardie, Erin McLaughlin, Mike Greener, Muriel Fraser, Bill & Val Smith, Iain Cowe, Judy Nicholson, Gill Young, Barry Prater, David Renwick, Maureen King, Jenny Prince, Maurice McNeely, Valerie Glass, Elizabeth Martin Fisher, Glenys Nolan.

Berwick Wildlife Group Wildlife Sightings

2009

Date	Location	Grid Ref	Number	Species	Description	Observer
